(3) A ticket shall expire one year after the date of the conclusion of the event or combination of events that are the subject of the wager.

(4) The amount of any winning ticket that expires shall be deposited monthly into the Gaming Commission Fund and deducted from adjusted gross revenue in the same manner as a redeemed wager.

(5) Retail licensees shall provide for in-person redemption of winning wagers at least eight (8) hours per day, five (5) days per week.

(6) All wagers shall be redeemed in United States currency. The winnings may be provided to the patron in any form that has been approved in the internal control system, provided that any wager redeemed in-person shall only be provided to the patron in the form of currency, check, or a combination thereof.

(7) Retail licensees may provide for redemption of winning tickets or refund of voided or cancelled wagers by mail. In that case, the licensee shall document methods in its internal control system to provide for compliance with all other rules, including, but not limited to—

- (A) Age verification;
- (B) Enforcement of the List of Self-Excluded Persons and MGC Excluded Persons List; and
- (C) Identification of illegal or suspicious activity.

(8) In the event of a failure of the sports wagering system's ability to pay winning wagers, the licensee shall have internal controls detailing the method by which winning wagers will be paid.
