Message from the Chairman

In the spring, the Governor appointed Jack Merritt (Springfield) and Barrett Hatches (Kansas City) to the Missouri Gaming Commission. As we welcome the new Commissioners who have gone through orientation and are ready to embark upon the challenges ahead, I want to also thank and congratulate outgoing Commissioners Suzanne Bradley and Larry Plunkett. Their contributions to the State have been many and I know they will continue as community leaders in other capacities.

FY10 witnessed a transition in the gaming industry which resulted from repeal of the loss limit and the identification requirement. This leveled the playing field with other states and resulted in an increase in patrons and adjusted gross receipts. Our enforcement agents were on-guard for money laundering and other white-collar crime that might result from higher stakes, and to date we have not seen an increase in criminal activity. The exact impact on the State in terms of tax receipts is hard to measure because of the economic downturn.

Another factor impacting revenues was the opening in March of Pinnacle's River City Casino in South St. Louis County. Patron interest and expenditure were surprisingly high. While the other St. Louis casinos saw a dip, the overall increase in the St. Louis region for Missouri casinos exceeded six percent.

Another variable in analyzing the St. Louis market is the closing of the President Casino as of July 1, 2010. With the passage of Proposition A which called for a cap on the number of casinos at thirteen, it was incumbent upon the Commission to make sure each license was utilized in the best interests of the State. An extensive and comprehensive procedure was established to issue the license which resulted from the President's closing. Market studies have been submitted by existing Missouri casino companies. The Department of Economic Development researchers and economists will advise the Commission on the proposals and location for the available license. This analysis should give the Commission a reading on whether the St. Louis and Kansas City markets are saturated or whether one of the proposals submitted in a metro area would be in the best interests of the State. Cape Girardeau and other out-state jurisdictions have also indicated an interest, all of which will be analyzed and digested by the Commission in making a determination in FY11. The Commission will analyze market studies, economic analyses, matrixes, and other available information to determine whether the thirteenth license should be issued now or held in abeyance. Our goal is to take action before the end of calendar year 2010.

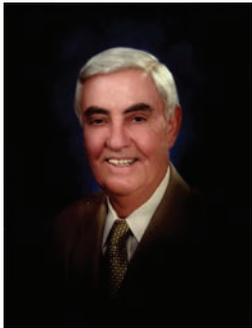

The AGR tax is now 21% with 10% of the receipts going to the dock cities. The remainder, which exceeds \$330 million, directly funds education. There is also a \$2, per two hour, admissions fee per patron which dates back to the time when the casinos were riverboats which cruised for two hours. Subsequently the Constitution was changed to allow the boats to stay in moats, yet the casinos still pay \$2 every two hours. The admissions tax yields roughly \$100 million, with half going to the dock cities and half going to the State.

The Missouri Gaming Commission will have a new Executive Director as of July 1st. Roger Stottlemyre is a former Superintendent of the Missouri State Highway Patrol and has been the MGC Deputy Director of Enforcement for the past four years. Outgoing Executive Director Gene McNary is to be commended for a job well done. It will be a seamless transition into FY11.

Commissioners

James L. Mathewson, *Chairman*

Jim Mathewson (Sedalia) was born and raised in Warsaw, Missouri. A veteran of the U.S. Army, he was first elected to serve in the Missouri House of Representatives in 1974, and was re-elected to the House twice. In 1980 he was elected as a State Senator and served for twenty-four years. He served eight years as President Pro Tem of the Senate. Jim Mathewson has received many honors including the “Friends of Education Award” from the Missouri School Boards Association. He is the past owner of National Valuation Services in Sedalia, Springfield and Independence, and the past president of Mathewson Broadcasting. He is active in the community and an avid sportsman.

Noel J. Shull

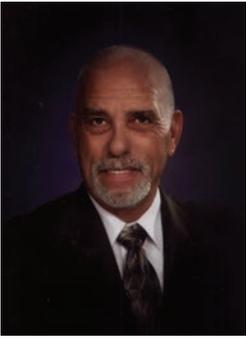

Noel J. Shull (Kansas City) has extensive experience in the financial services industry, primarily in the commercial lending area. He has served Missouri Bankers Association as Chairman of Governmental Affairs Committee. The U.S. Small Business Administration National Advisory Council Chairman appointed him Chairman of the Access to Capital Committee in 1988 and 1996. He has served on the board of directors for several banking institutions. He received an undergraduate degree from UMC in finance and real estate and a graduate degree in banking from Southwestern Graduate School of Banking at Southern Methodist University in Dallas, Texas. Shull is a past recipient of the U.S. Small Business Administration Regional Financial Services Advocate of the year award and the Kansas City University of Missouri-Columbia Business Alumni Chapter, 2004 Alumni of the Year award.

Darryl T. Jones

Darryl T. Jones (St. Louis) was formerly employed by Southwestern Bell Telephone Company for 15 years as a planning and design engineer and later as a financial analyst. Mr. Jones formed his own foodservice management company known as TRI-TEC, Inc. Over the past 10 years he has strategically formed joint-venture partnerships with some of the giants of the foodservice industry including Levy Restaurants in operating the foodservice at America’s Center, HMSHost in operating the foodservice for Lambert International Airport, and Aramark in operating foodservice at St. Louis Correctional facilities. He serves as Trustee with Fontbonne University and is on the Board of Directors of St. John’s Mercy Foundation. Jones also serves on the Board of Directors of Our Little Haven and on the Advisory Committee of Missouri Jesuit Provincial Investment Committee.

Larry W. Plunkett

Larry W. Plunkett Sr. (Greenville) served in the United States Air Force and was subsequently appointed to the Missouri State Highway Patrol where he served with distinction for 30 years during which time he developed expertise in narcotics investigation, criminal investigation and as a polygraph examiner. He was then elected to two terms as Sheriff of Wayne County, Missouri. On January 1, 2005 he founded Misdemeanor Probation Services Inc., which provides supervision of persons placed on misdemeanor probation by the Courts in the 42nd Judicial Circuit, State of Missouri. He has served on the School Board of the Greenville R-II School District, and is a reserve deputy sheriff in Wayne County, Missouri.

Suzanne Bocell Bradley

Suzanne Bocell Bradley (St. Joseph) is an attorney with Polsinelli Shughart, P.C. Mrs. Bradley holds a bachelor's degree in education from the University of Kansas and a Juris Doctorate from the University of Missouri-Kansas City. Her experience includes a diversified general practice with an emphasis in wills and trusts, real estate and family matters. She has practiced law in Missouri since 1976 and has served as a Substitute Municipal Judge since 1986. Mrs. Bradley is a member of the Missouri Bar Board of Governors and a number of civic organizations.

Barrett Hatches

Dr. Barrett Hatches (Kansas City) is the owner of Hatches Consulting, LLC, and the president and principal owner of BHMM Energy Services. Dr. Hatches is a 1977 graduate of Jackson State University, a 1995 graduate of Webster University with a Masters of Arts in Management and a 2009 graduate of Jackson State University with a Ph.D. in Urban Leadership and Higher Education. Dr. Hatches serves as Chairman of the Board for the Full Employment Council. In addition, he serves on the boards of the Urban League of Greater Kansas City, Kansas City Hospice, and the Missouri Primary Care Association.

Jack Merritt

Jack Merritt (Republic) is former Greene County Sheriff. During his two terms as sheriff, he obtained grants to fund mobile data terminals in all patrol vehicles, and grants to enhance DWI enforcement in Greene County. Jack Merritt is a former member of the Missouri State Highway Patrol, achieving the rank of Captain and retiring after 27 years. He has also been employed by the Missouri Attorney General's Office as a Consumer Fraud Investigator. Jack Merritt has served on boards for the United Way, the Victim's Center, Family Violence Center, and the Child Advocacy Center.

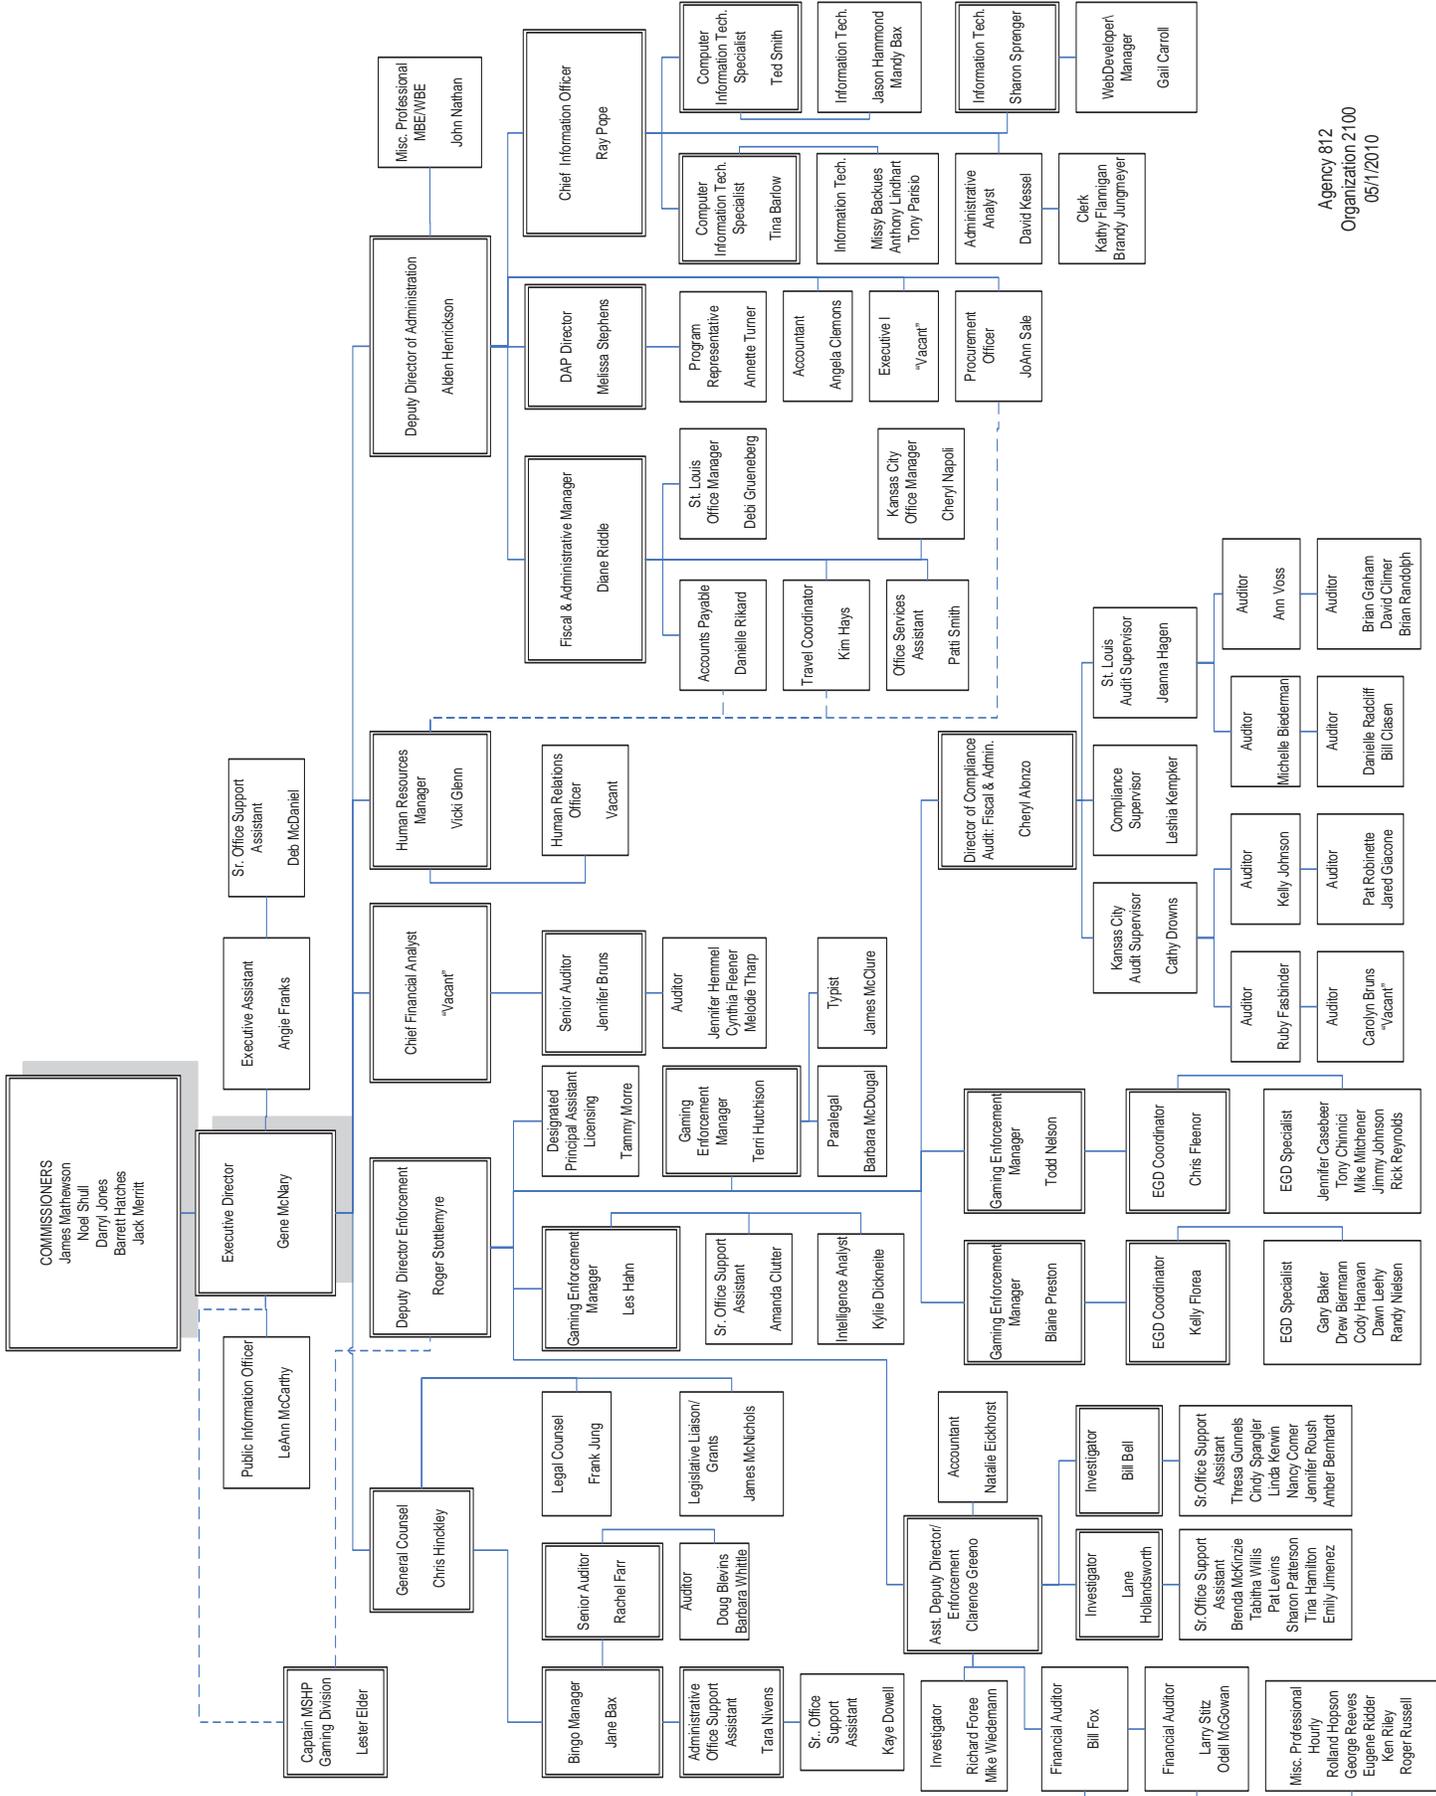

Message from the Executive Director

I have enjoyed my four years as Executive Director immensely and extend my gratitude to the extremely talented MGC staff. Our relations with the industry, dock cities, State and all with whom we interact have been excellent. I'm proud of the MGC staff and you can count on their outstanding performance in the years ahead. You can bet on it!

Charitable Gaming

Charitable gaming includes licensed bingo and other associated games such as pull-tabs, merchandise coin boards, and other “free” no charge promotional events. Bingo was legalized in 1980 and came under the Missouri Gaming Commission on July 1, 1994. The operation of bingo and the other associated games is restricted to qualified licensed, religious, charitable, fraternal, veteran, and service organizations. The Charitable Games Division also licenses hall providers, suppliers and manufacturers of bingo products.

All proceeds over and above the actual cost of conducting a bingo game must be used for lawful, charitable, religious or philanthropic purposes of the organization, and no part of the net earnings may inure to the benefit of any individual member of the organization. Bingo proceeds collected by not-for-profit organizations are used to fund various projects such as veterans homes, Relay for Life, drug awareness programs, prevention of child abuse, cancer care and research, Alzheimer’s care and research, Kidney Foundation, Make-A-Wish Foundation, Boy & Girl Scouts, Ronald McDonald House, various religious organizations, Boys State, scholarships, sight and hearing care for impoverished citizens, transportation services to burn centers, and many more.

The bingo industry introduced a new line of pull-tab products during fiscal year 2009 that are played in conjunction with the bingo equipment such as the ball selection equipment and the display board. These pull-tabs are referred to as event tickets. Some of the licensees have introduced the event tickets to their players and have been quite successful in increasing their overall pull-tab sales. Some organizations, however, are still reluctant to try the new product.

More than \$100 million has been generated in tax revenue since bingo was legalized. All bingo tax is deposited into the Proceeds for Education Fund. A comparison of tax paid per file period for July 2009 through June 2010 reflects a continued decline in taxes reported for bingo paper sales; however, taxes reported for pull-tab sales continue to increase since the introduction of event tickets. The chart below represents the actual tax reported for bingo paper and pull-tabs for the past five fiscal years.

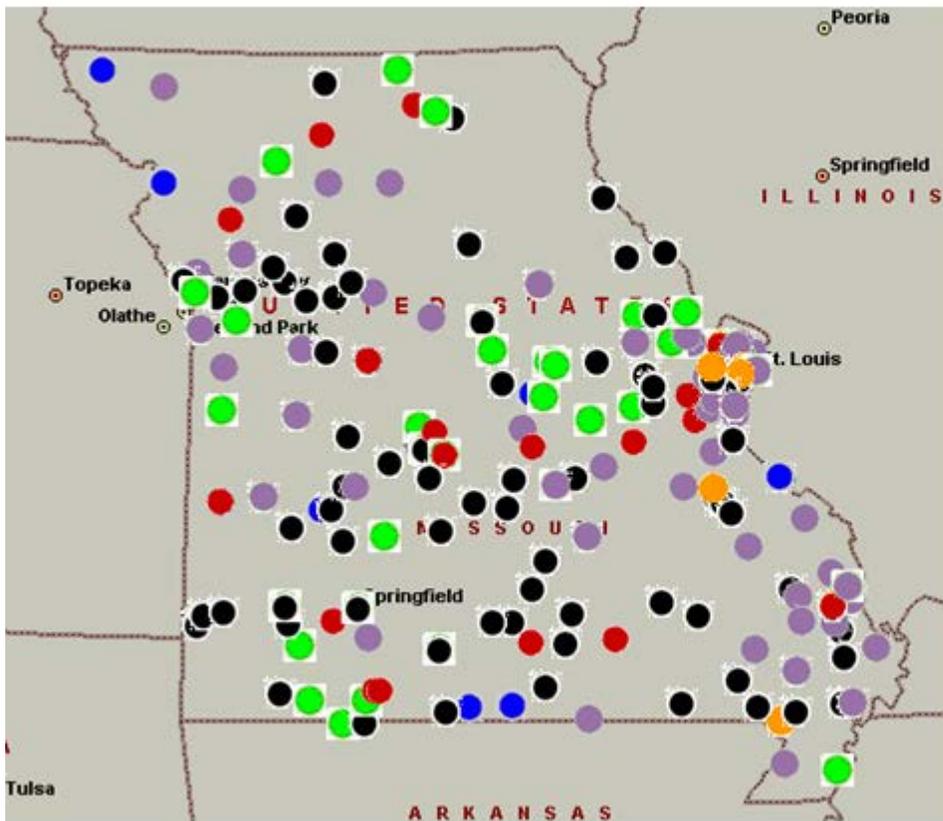

Actual Tax Reported For File Period

The charts below reflect the total bingo taxes deposited and the total number of licensees over the past three years. The bingo tax deposited is different than the tax reported per file period because of the due date of reporting. Reports are due the last day of the month following the month in which the bingo card or pull-tab was sold; therefore, the tax collected for certain file periods during the fiscal year may be included in different fiscal year deposits.

Missouri State Highway Patrol

The Gaming Division, pursuant to a memorandum of understanding with the Missouri Gaming Commission, provides criminal and regulatory enforcement of gaming operations within the state. Under the command of Captain Lester D. Elder, the division is divided into four sections: Administrative Services, Investigations, Eastern District Enforcement and Western District Enforcement. The Gaming Division is one of the Patrol's largest divisions, with an authorized strength of 120 members and two civilians. The staffing of 120 troopers assigned to the Gaming Division does not impact or reduce the number of troopers assigned to Missouri roadways, as allocated by the legislature.

The Gaming Division was established on May 1, 1994, by order of Colonel Fred M. Mills, and was the first new division established within the Patrol since the creation of the Division of Drug and Crime Control in 1983. Strict criminal and regulatory enforcement, as well as meticulous investigations are essential elements to the successful regulation of legalized gambling in Missouri. Because of its history of service with distinction and integrity, the Patrol was given the responsibility of providing investigative, regulatory and criminal law enforcement services, which ultimately police the gaming industry.

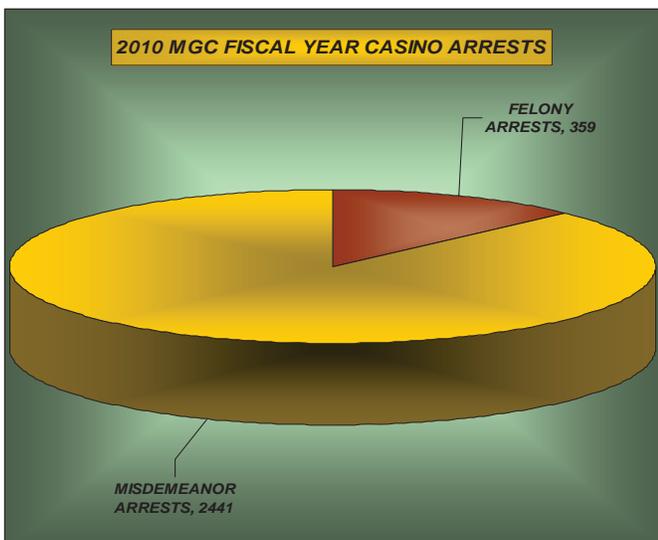

The Administrative Services Section oversees the collection and preservation of evidence and property, motor equipment fleet management, training, criminal records and case management, overtime, personnel actions and special projects. The Administrative Services Section processed 1338 containers of criminal evidence during the last reporting period.

Officers assigned to the Background Section were involved with 515 investigations during the past year and this section typically endures a significant caseload. The Charitable Games Section oversees 353 licensed bingo operators and is also charged with conducting background investigations on both charitable gaming and riverboat supplier companies. During the last reporting period, 270 felons were denied authority to participate in bingo operations due to the diligent efforts of the unit.

Officers assigned to the enforcement units are responsible for enforcing both Missouri criminal statutes and Missouri Gaming Commission regulations on the 13 licensed casino properties, which operated for most of the reporting period. Troopers assigned to the enforcement unit conducted 2529 criminal investigations, made 2800 arrests, generated 8956 Gaming Incident Reports and processed 726 disassociated persons (problem gamblers).

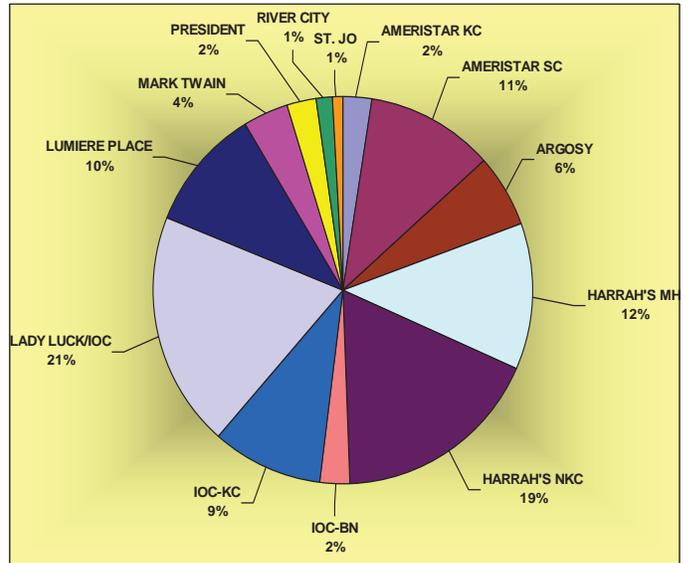

The following charts depict arrest and other activity for all casinos statewide:

TOTAL ARRESTS	2800

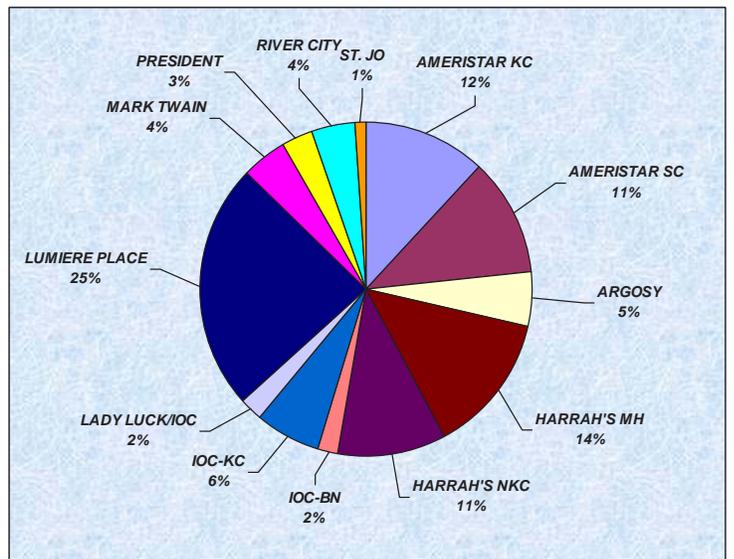

This graph represents total statewide arrests for all casinos in Missouri, according to crime classification (felonies & misdemeanors). Arrests occur on Missouri casinos for a variety of reasons and most arrest activity represented herein stems from misdemeanor crimes related to trespassing, theft, fraudulent identification, drugs and warrants from other jurisdictions. Many of the felony arrests include gambling violations, fraud, counterfeiting, drugs, theft and warrants.

This graph represents the total number of Gaming Incident Reports (GIRs) filed at Missouri casino properties during the current reporting period. GIRs are regulatory reports filed by Highway Patrol officers, which outline or report applicable gaming regulation violations or notable incidents that take place on Missouri casinos. GIRs are also generated in conjunction with special investigations that evolve from regulatory violations committed by any licensee (to include gaming personnel and licensed gaming companies/suppliers).

Disassociated Persons Program

MGC's unique voluntary exclusion program provides problem and compulsive gamblers with a means to acknowledge that they have a problem and to take personal responsibility for it. There were 15,013 individuals on the List at the close of Fiscal Year 2010.

In addition, MGC is a governing member of the Missouri Alliance to Curb Problem Gambling. The Alliance is a pivotal component in Missouri's innovative and comprehensive program to address the public health implications of gambling and problem gambling.

Licensing

The Missouri Gaming Commission has statutory responsibility for licensing excursion gambling boats, their parent companies, suppliers of gaming equipment, and the officers, directors, trustees, proprietors, managing agents, and general managers thereof, as well as all employees participating in gaming operations within the state in any capacity. Licensing of entities and individuals ensures the businesses and employees involved in the gaming industry in Missouri meet the standards established by the Commission and are suitable to hold a license. Licensing staff currently administers the licensing and annual license renewal processes of twelve excursion gambling boats, six parent companies, thirty-two supplier licensees and applicants, twelve liquor licensees, and more than 11,000 occupational licensees.

An enhanced statewide automated licensing system provides a vehicle through which each casino's human resources department can enter occupational licensee applicant data and submit license renewals via a web-based link. The system facilitates the commission's ability to license and track all entity and occupational licenses, as well as generate monthly invoices for fees associated with applications, licenses issued, duplicate licenses, and renewals. Licensing fees generate in excess of \$1.75 million per year, while background investigations conducted on licensees result in approximately \$1 million in reimbursable expenses.

Financial Investigations

The Financial Investigations Section consists of former Internal Revenue Service analysts and investigators who are trained in the areas of corporate finance, organizational structures and SEC reporting and who possess the necessary expertise to complete comprehensive corporate financial and legal investigations. These investigators conduct background and financial investigations on corporate applicants, partnerships, limited liability companies, sole proprietorships and publicly traded corporations applying for gaming licenses in Missouri, as well as the officers, directors, trustees, proprietors, managing agents, general managers and beneficial shareholders thereof.

This corporate investigation includes a review of the financial viability of a company for the five-year period preceding the application, and incorporates reference checks with the SEC to determine if the company is or has been the subject of an investigation for any illegal activity.

Additionally, each registered publicly traded corporation is constantly monitored which includes a review of all SEC filings, forms and reports, press releases and other financial and legal disclosures.

List of Excluded Persons

The Commission's power to exclude persons from Missouri riverboat gaming casinos emanates from the Missouri Gaming Statute and, more specifically, the State Regulations. Under these provisions the Commission has the power and duty to exclude persons who have committed crimes of moral turpitude or gambling related crimes, as well as persons of unsavory reputation or persons on a valid and current exclusion list from another jurisdiction within the United States.

During the past year the list has grown to include a person convicted of stealing large amounts of money from a school district during a time when he was a frequent Missouri casino customer. Currently there are several cases under review for possible placement on the list.

Our Exclusion List website can be accessed directly from the Commission's home page at www.mgc.dps.mo.gov. The exclusion list features identifying information and a photograph of each person on the list.

In 2009 the City established the distribution of gaming taxes to funds based on the priorities established by the City Council. These priorities result in the allocation of 2010 gaming taxes as follows:

General Fund	<u><u>2010 Amount</u></u>
	\$2,398,000

The first call on gaming taxes is the General Fund's requirement for funding which is the greater of 15% or \$2,350,000

General Fund	\$1,710,000
---------------------	-------------

An amount equal to the cost of residential trash collection, yard waste, and recycling services is the second priority of distribution.

Parks Fund	\$479,600
-------------------	-----------

The third priority is 4% of all gaming tax revenue or \$460,000, whichever is greater, to be placed in the Parks Fund.

Reserve Fund	\$0
---------------------	-----

The fourth priority is a total of 4% of gaming taxes that shall be placed in the City's Reserve Fund until the desired fund balance is achieved pursuant to policy or goal.

Capital Improvement Fund	\$5,395,500
---------------------------------	-------------

The next priority for funding is the city's capital improvements. The fund shall receive 45% of the gaming.

Regional Infrastructure Fund	\$2,006,900
-------------------------------------	-------------

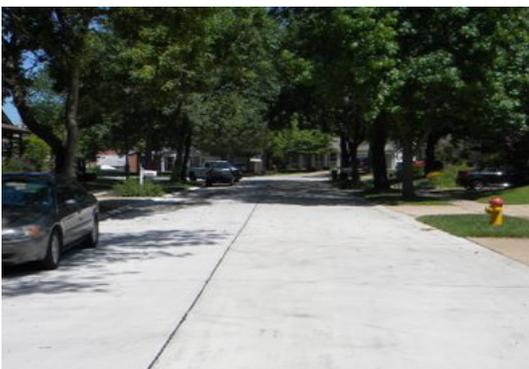

If any funds remain, all shall be deposited in the Regional Infrastructure Fund.

2010 Estimated gaming tax revenue	\$11,990,000	Total	<u><u>\$11,990,000</u></u>
Use of prior year's gaming taxes**	5,627,000		
Use of future year's gaming taxes***	2,400,000		
Total Sources of gaming funds	<u><u>\$20,017,000</u></u>		

**Amounts that had accumulated in the City's Capital Improvement Fund, Reserve Fund and Regional Infrastructure Fund to finance projects in 2010.

***Amounts advanced from the City's Reserve Fund that will be repaid from subsequent years gaming taxes.

City of St. Louis

Three Primary Sources:

2.1% AGR Tax: Allocated to support police patrols, fire marine unit supplies and conduct public safety related capital improvements on the riverfront.

Admission Fee: Allocated to the City's Capital Fund. These funds are budgeted each year for items such as arterial street paving, bridge repair, rolling stock replacement, public building improvements, etc.

Port Authority Lease (2% of AGR): In addition to gaming taxes, this revenue is in the form of a lease payment paid to the Port Authority. These funds are generally appropriated for for furthering housing and economic development efforts of the St. Louis Development Corporation (SLDC). (With recent closure of President Casino on Landing, these lease payments will cease in FY11.)
